Hazardous Weather

Today

High Temperatures

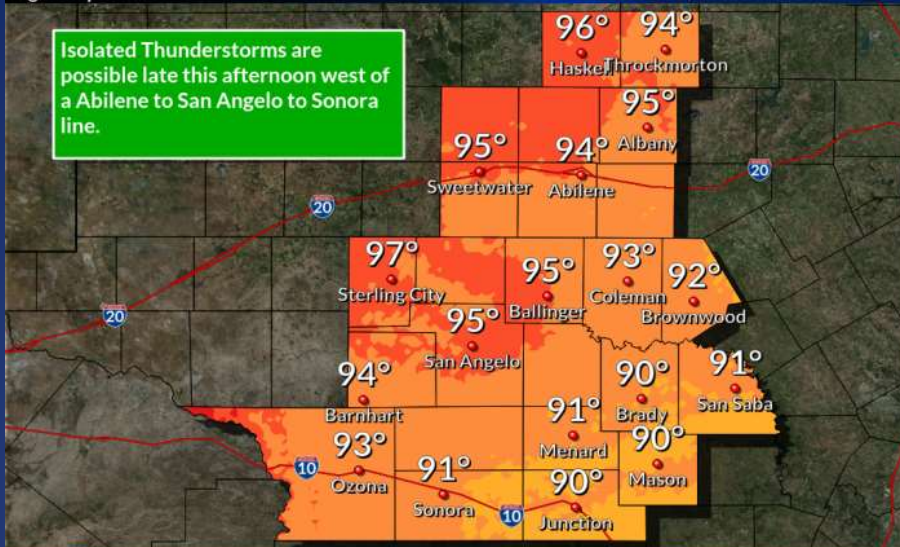

Weather Forecast Office

San Angelo, TX

Issued Jun 28, 2020 5:08 AM CDT

Isolated Thunderstorms are possible late this afternoon west of a Abilene to San Angelo to Sonora line.

f t NWS San Angelo

weather.gov/sjt

Mostly hot and dry weather will continue over the majority of West Central Texas. Isolated thunderstorms are possible late this afternoon across the western half of the area.

Sunday

Windy with isolated to scattered showers and thunderstorms

Weather Forecast Office

Fort Worth, TX

Issued June 28, 2020 3:12 AM CDT

WINDY HUMID High Temperatures

Isolated-scattered showers and storms are expected this afternoon and tonight

Winds will be out of the south with gusts up to 30-40 mph

Today's storms are capable of producing heavy rain in a short period of time. Severe weather is not expected.

f t NWS Fort Worth

weather.gov/fortworth

A chance of showers and thunderstorms exists today and tonight as an upper level system moves through. Some storms could produce strong wind gusts and frequent lightning. Temperatures will be seasonable with highs in the lower 90s. Otherwise, it will be breezy with southerly winds gusting up to 30 to 40 mph.

Today's Rain Chances

Hazardous Weather

Showers and Thunderstorms

Mostly Cloudy Skies and Below Normal Temperatures

Weather Forecast Office
Austin/San Antonio, TX

Issued Jun 28, 2020 4:10 AM CDT

An upper level disturbance will bring isolated to scattered showers and thunderstorms to South Central Texas. Heavy downpours and gusty winds are possible across the Hill Country to along the I-35 corridor. Due to the clouds and rain, below normal temperatures are expected with highs ranging from the lower 80s in the Hill Country to lower 90s along the Rio Grande.

Today

Mostly cloudy with widely scattered showers & thunderstorms

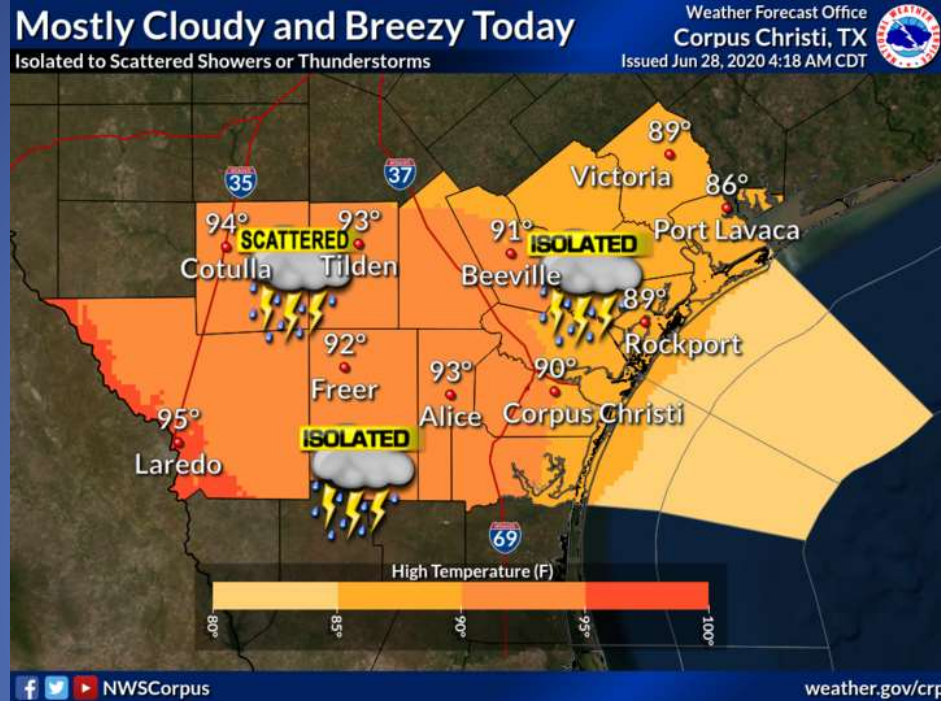

Weather Forecast Office
Houston/Galveston TX

Issued Jun 28, 2020 4:20 AM CDT

Mostly cloudy skies are expected today with widely scattered showers and isolated thunderstorms. High temperatures will be around 90.

Hazardous Weather

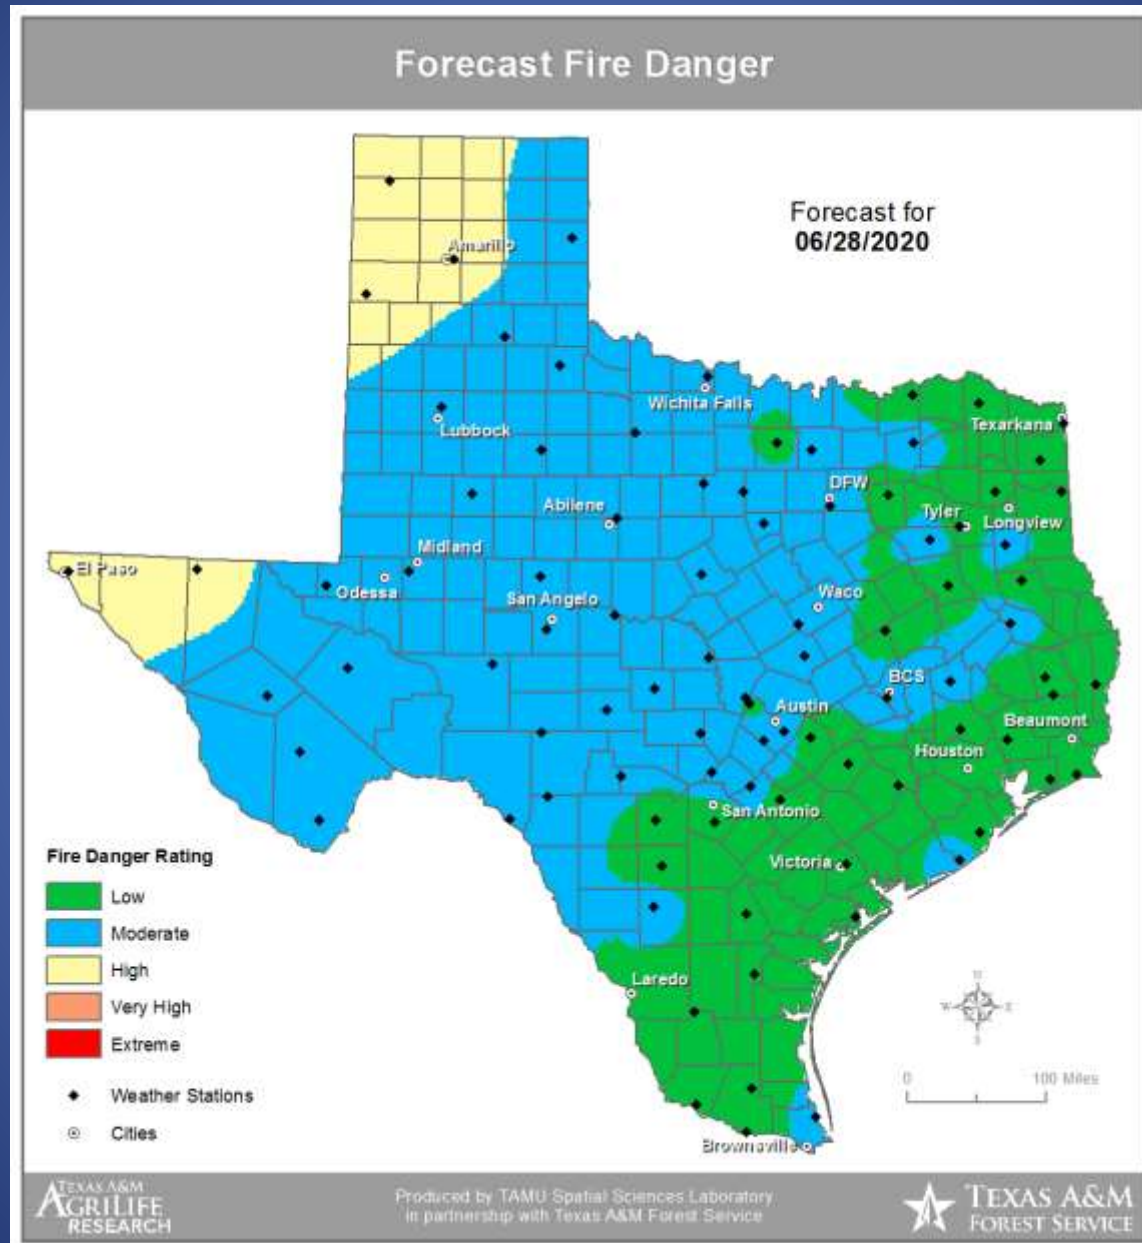

Isolated to scattered showers and thunderstorms will be possible across the region today. Mostly cloudy skies and breezy to windy conditions will be in store with highs in the upper 80s coast to mid 90s western Brush Country.
